

VSL, the National Metrology Institute (NMI) of the Netherlands declares that the Calibration and Measurement Capabilities of the calibration test facilities named in this certificate are granted until the expiration date to:

Thijsseweg 11
2629 JA Delft
The Netherlands
www.vsl.nl

Emerson Process Management Flow B.V.

Neonstraat 1 | 6718 WX EDE | The Netherlands

During the CMC certification process it was demonstrated that the test facilities named in this certificate apply to the following requirements:

- All instruments in the test facilities are traceable to international accepted measurement standards,
- The calibration models (equations) are correct,
- The Calibration and Measurement Capabilities (CMC) are calculated according the JCGM 100:2008 "Evaluation of measurement data - Guide to the expression of uncertainty in measurement",
- A set of procedures is in place to maintain the CMC for the period of validation.

LF.2007.06.0005

granted on 27 October 2018

This declaration is valid until:
27 October 2020

The CMC certification has been granted for the first time on:
27 June 2007

Test facilities with CMC certification valid under this certificate:
SSF1B, VSL CMC certificate number 39333320, valid until 27 October 2020
SSF2A, VSL CMC certificate number 39333321, valid until 27 October 2020
SSF3A, VSL CMC certificate number 39333322, valid until 27 October 2020

Managing director VSL, Dr. V. Fokkema
