

VSL, the National Metrology Institute (NMI) of the Netherlands, declares that the Calibration and Measurement Capabilities of the calibration test facilities mentioned in this certificate is granted to:

Thijsseweg 11
2629 JA Delft
The Netherlands
www.vsl.nl

Honeywell Enraf Americas, Inc.

512 Virginia Drive | Fort Washington, PA 19034 | United States of America

During the CMC certification process it was demonstrated that the test facilities named in this certificate apply to the following requirements:

- All instruments in the test facilities are traceable to international accepted measurement standards,
- The calibration models (equations) are correct,
- The Calibration and Measurement Capabilities (CMC) are calculated according the JCGM 100:2008 "Evaluation of measurement data - Guide to the expression of uncertainty in measurement",
- A set of procedures is in place to maintain the CMC for the period of validation.

LV.2010.12.0006

granted on 15 December 2020

This declaration is valid until:
15 December 2022

The CMC certification has been granted for the first time on:

16 December 2010

Test facilities with CMC certification valid under this certificate:

**TruStop SVP calibration station,
VSL CMC certificate number 39333761,
valid until 15 December 2022**

Manager Liquid Flow Metrology VSL, F.M. Smits
