

VSL, the National Metrology Institute (NMI) of the Netherlands declares that the Calibration and Measurement Capabilities of the calibration test facilities named in this certificate are granted until the expiration date of their own CMC certificate to:

Thijsseweg 11
2629 JA Delft
The Netherlands
www.vsl.nl

Oil & Gas Systems Baltia, LTD.

41, Portovaya street | Kaliningrad 236039 | Russia

During the CMC certification process it was demonstrated that the test facilities named in this certificate apply to the following requirements:

- All instruments in the test facilities are traceable to international accepted measurement standards,
- The calibration models (equations) are correct,
- The Calibration and Measurement Capabilities (CMC) are calculated according the JCGM 100:2008 "Evaluation of measurement data - Guide to the expression of uncertainty in measurement",
- A set of procedures is in place to maintain the CMC for the period of validation.

LV.2014.06.0009

granted on 14 December 2020

This declaration is valid until:
15 December 2022

The CMC certification has been granted for the first time on:

15 December 2014

Test facilities with CMC certification valid under this certificate:

Pipe Prover calibration facility, VSL CMC certificate number 39333738, valid until 15 December 2022

Mobile Pipe Prover calibration unit, VSL CMC certificate number 39333739, valid until 15 December 2022

Proving tank calibration facility, VSL CMC certificate number 39333740, valid until 15 December 2022

Manager Liquid Flow Metrology, F.M. Smits
